The Only Daily
in Rush County

The Daily Republican

WEATHER
Fair tonight and warmer
Sunday.

ESTABLISHED AS A WEEKLY: THE WHIG 1840; THE REPUBLICAN, 1852. "The Newspaper Everybody in Rush County Will Eventually Read." CHANGED TO SEMI-WEEKLY MAY, 1902; DAILY MARCH, 1904. Vol. 16. No. 275. Rushville, Indiana, Saturday Evening, January 31, 1920. EIGHT PAGES TODAY

DECISION BRINGS BIG RELIEF HERE

Withholding of Horizontal Increases
by Tax Board Means Tax Dupli-
cates Will Not be Changed.

LOCAL OFFICIALS RELIEVED

Adverse Decision by Appellate Court
Would Have Result in Big
Deficit in Every Unit.

With the decision of the Indiana appellate court, which was made public yesterday, sustaining the horizontal increases in assessments made by the state board of tax commissioners, there will be no further obstacles to the collection of taxes for 1920, the spring installment of which is now due and payable until the first Monday in May.

The majority of taxpayers who pay their taxes early in the season have withheld payment this year, ending the decision of the higher court, fearing that the court might decide the action of the tax commissioners was unconstitutional. There now remains no litigation affecting the 1919 assessments which can change the amount of taxes charged to the taxpayers on the duplicates.

The decision was a relief to the county officials who deal with the taxes of the county because they feared that the appellate court might hand down a decision holding the horizontal increases unconstitutional, which would necessitate computing again the amount of taxes to be paid by each individual because the assessed valuation would be less.

County township, city and corporation officials also heard news of the decision with considerable relief because a decision against the state tax commissioners would have meant a big deficit in the treasury of every one of the local government units in the county. The amount of revenue to be raised this year was based on assessments after the increases were added, and if they had been removed by the court decision, there would have been no chance to increase the rates in order to produce enough revenue.

The decision points out that the case "is not one calling for the interference of a court," and that the farmers who filed the suit "should be left to their legal remedy," which is taken to mean that the farmers should have appealed to the tax court instead of to the courts.

General trend of the opinion is that injunctive relief to stay the hands of taxing officials is against public policy. "Should the decree of the trial court be sustained," the decision says, "it means the revenue, not only for state purposes, but for all local government, including county, city, town, township, roads, schools, hospitals, bonds, sinking funds, library, park, health and sanitation funds will be depleted; that deficits of serious character will occur, that bond obligations will be defaulted, school terms cut short, roads neglected, methods for the protection of health and sanitation curtailed, and all processes of government, state and local, seriously interfered with. Confusion and chaos in the levying and collection of taxes will follow."

DECIDES ON A CAMPAIGN

Senator Harding to Make Aggressive
Fight For Delegates Here.

Washington, Jan. 31.—An aggressive campaign in Indiana has been decided on by Senator Harding's campaign managers in Indiana, following Harding's return from Ohio. Four of the state delegates to attend the republican national convention have already declared for Harding. Among the latest reported was Congressman Wood of the tenth Indiana district.

GRANTED EXTENSION.

Paris, Jan. 31.—Hungarian peace representatives today were granted extension of time until February 12 to prepare their counter proposals to the treaty recently submitted to them.

WENT TO PARIS AS COURIER

State Library Capt. ... in Returned From
Mission on Northern Pacific

Mr. and Mrs. Ernest B. Thomas have received word that Captain Edwin Watson, son of Senator and Mrs. James E. Watson returned last Monday from Paris where he went as a courier. He returned on the steamer, Northern Pacific, which rescued the passengers from the transport, Powhatan. The Powhatan was wrecked about three hundred miles from the Canadian coast.

Mr. Watson also said that there were about 5,000 American deserters hanging around Paris and their actions were not reflecting much to the credit of the United States.

FARMERS OF TWO TOWNSHIPS MEET

Rushville and Jackson Township
Sessions For Purpose of Dis-
cussing Fertilizer Buying.

ORGANIZATION ALSO TOPIC

Farmers of both Rushville and Jackson townships held meetings last night, the former meeting at the Webb school house and the latter at the Osborne school house.

There were about fifty farmers at the Jackson township meeting, who discussed organization problems and fertilizer. County Agent Detrick discussed the methods of purchasing commercial fertilizer to get most for the money. He explained that the high grade fertilizers nearly always furnish the plant food at a lower cost than the low grade goods. It was explained as an example that a ton of 1-3-2 goods contains practically the same amount of plant food in approximately the same proportion as 1333 pounds of 2-12-3, but costs \$6.76 more than the same amount of plant food in the latter formula.

The Rushville township meeting was also to complete plans to buy fertilizer. Frank P. Mullins gave a very interesting discussion of the work of such organizations. Fred Oghorn furnished lights and staged a moving picture show which was quite interesting.

The meeting voted to meet again in two weeks and give their orders for fertilizers. The committee was continued and will arrange in the meantime to buy from some one of the several companies submitting prices.

WILL MOVE TO TAKE UP TREATY IN SENATE

Senator Hitchcock Will Take This
Step Feb. 10 Following Failure
of Conferences.

LODGE STATEMENT IN RECORD

Washington, Jan. 31.—Formal notice was given in the senate today that on Tuesday, February 10, Senator Hitchcock will move to take up the German treaty in open session.

Senator Walsh of Montana gave notice five minutes after the senate met. He followed Lodge who put into the record a statement he made yesterday following the collapse of the bi-partisan treaty conferences. Lodge also inserted two statements made by Hitchcock and published this morning. Lodge asked that the two statements be printed as senate documents in which they will be available for general distribution throughout the country.

"I do this," said Lodge, "because my statement contains a brief report of what the committee tried to do with regard to reservations."

BAN ON PUBLIC FUNERALS

Chicago, Ill., Jan. 31.—The "flu" epidemic brought a ban on public funerals here effective today. There were 112 deaths of influenza and pneumonia yesterday. A total of 300 funerals caused the health department officials to limit the attendance at funerals to ten persons.

MILROY DOPED TO WIN TOURNAMENT

Practically Certain High School of
That Place Will Take Final
Game Tonight.

MANILLA LIKELY OPPONENT

Fairview Earns Right to Meet Mil-
roy in Semi-Finals by Defeat-
ing Moscow This Morning.

MORNING GAMES
Fairview 27; Moscow 16.
Milroy 31; Carthage 9.
Manilla 22; Morristown 15.
New Salem 22; Arlington 19.

AFTERNOON GAMES
Milroy 35; Fairview 15.
Manilla ...; New Salem ...
Early indications at Milroy this afternoon were that the final game tonight in the basketball tournament held there today, will be played between Milroy and Manilla.

The biggest crowd in the history of basketball at Milroy was on hand early this morning to take part in the all day meeting, in which eight teams were entered for honors. At 8:30 this morning the officials drew lots and paired the teams off in the order that they should play.

The first game was between Fairview and Moscow. Fairview having no difficulty in beating them by the score of 27 to 16. The next game was between Milroy and Carthage, latter being easy and Milroy winning by a 31 to 9 count.

Then Manilla played Morristown. These two teams were considered close rivals for the finals, and in this game Manilla won out, in the best game of the morning, 22 to 15.

Shortly before noon New Salem and Arlington played, with New Salem leading 22 to 19 in a close and fast game.

At two o'clock this afternoon Fairview, winner of one of the morning games met Milroy, winner of another game this morning, and at three Manilla and New Salem went on the floor.

The final game tonight will be played between the winners of the two games this afternoon, and the "dope" looks like Manilla will win from New Salem, and Milroy will then win from Fairview, putting the final game onto Milroy and Manilla.

It is figured out however that Milroy has a better team than Manilla, and the championship game tonight will probably go to the home town team. A new basketball will be given to the winner of the tourney.

RAIL BILL CONFEREES AGREE ON PRINCIPAL

Still Divided However on Method to
be Followed in Enforcing Rate
Guarantee Feature.

NO PENALTY FOR VIOLATION

Washington, Jan. 31.—The principal of guaranteed rates has been agreed to by the house and senate conferees working on railroad reorganization legislation, Chairman Cummings of the senate committee announced today.

The conferees are still divided however as to whether the guaranteed rates of return should be prescribed by the senate or by the interstate commerce commission.

The conferees have agreed to a tribunal empowered to make final decisions in the labor situation.

No penalty for violation is expected to be attached but public opinion will be relied on to obtain enforcement of the decision.

DEATH AT NEWCASTLE

Newcastle, Ind., Jan. 31.—George Brown, age thirty, died of influenza and pneumonia here Friday and physicians said today that more than 100 persons in this city are ill of influenza. The disease however, is of a mild form. Local health officials are planning a system to keep check on all cases, and to prevent the spread of the malady.

SPECIAL TRAINING FOR THE PASTORS

Plan to Teach Pastors How They
May Help Farmer to Get Better
Crops by Scientific Methods.

SCHOOL LASTS THREE WEEKS

Whole Course Designated to Show
Relationship Between Rural
Church and Men and Women

Special training to enable rural pastors better to interest farmers in church work by giving the pastors a scientific knowledge of the conditions and problems of farm life will be given at 30 Rural Pastor's Graduate schools in as many states to be operated under the combined auspices of the State agriculture colleges, on whose premises which will furnish the faculties. Most of the schools will be conducted for a period of three weeks each, between June and September, according to the announcement of Ralph A. Felfon of the Interchurch Movement who is arranging the details for the nation-wide venture.

It is the plan to teach the rural pastors how they may help the farmers to get better crops by applying scientific methods so that the farmers in return may learn better church methods which will also be one of the subjects taught during the term of the summer school. Good roads, finding and developing a market, community health, rural schools and similar subjects will be required as will the subjects of evangelism, pastoral calling, church finances and religious instruction. Child welfare will be discussed on the same day as Christianity and world democracy and successful village churches. Missionary problems of the church will receive attention as will the subject of the house fly and health. The whole course is designed by the promoters to show the very close relationship between the rural church and the every-day life of men and women in rural communities.

Not only will the pastors be given the advantage of these graduate schools but the pastor's wives will be given studies in a special course on "Home Making or Pastors' Wives." In this course the relation of rural churches to the organization of county demonstration work with illustrations of how to put up preserves will be one feature. Home decoration, selection and care of clothing, recreational activities and poultry raising are some of the subjects to be taught.

FURTHER LOANS TO EUROPE SPELL RUIN

Senator Phelan Says They Will Also
Pauperize Foreign Nations—
Accuses Great Britain.

IS USING AMERICAN MONEY

Washington, Jan. 31.—Further loans to foreign nations by the United States will pauperize Europe and bring ruin to this country, Senator Phelan declared before the senate today during a general discussion of the financial situation.

He charged that Great Britain is using money borrowed from the United States to further campaigns for world commerce supremacy over her greatest rival, the United States.

Phelan also said that the British are spending the money obtained from the United States in developing oil fields in Mesopotamia and Mexico.

SEES U. S. DOMINATION

London, Jan. 31.—Europe is not going to submit to financial domination of the United States any more than she submitted to the Prussian domination during the war, Frank Blumenfeld, editor of the London Express, declared in an interview today.

A VOTE OF CONFIDENCE

Paris, Jan. 31.—The chamber of deputies passed a vote of confidence in the government today, 510 to 70.

ONE LIFE BOAT PICKED UP

Another One With Part of Mieler's
Crew Still Afloat.

(By United Press.)

New York, Jan. 31.—One life boat containing 18 men of the crew of the tanker, Mieler, which broke in two and sank in the Tybee river, Jan. 26, was picked up by a steamship, according to an official naval radio dispatch received here today.

Another life boat containing the captain and other members of the crew is still afloat.

The Mieler was owned by a Cuban distilling company and had aboard one million gallons of molasses.

2 MORE CANDIDATES ENTER G. O. P. RACE

W. A. Alexander Files Declarations
For Representative and I. N.
Stevens for Commissioner.

NEITHER HAS OPPOSITION

Two more republican candidates have filed their declarations of intentions for office, subject to the republican primary election, May 4. W. A. Alexander, a prominent farmer living northwest of Rushville, who is now spending the winter in Florida, has sent his application in by mail, stating that he will be a candidate for representative.

Isaac N. Stevens of Mays announced today that he would be a candidate for commissioner from the northern district. Mr. Stevens has been a farmer all of his life and has resided in Center township for sometime. At present he is retired and is living in Mays.

Neither of the above candidates have any opposition so far, and the republican list is gradually becoming filled. The democratic candidates have been slow in making known their desires, and so far no one has filed their intentions with county clerk, Loren Martin.

NEWBERRY JURY IS FINALLY ACCEPTED

Twelve Men Who Will Hear Michigan
Vote Fraud Cases Passed by
Both Sides Today.

ADJOURNMENT TILL MONDAY

Grand Rapids, Mich., Jan. 31.—The jury which will sit at the trial of United States Senator Newberry and 134 of his associates charged with violation of the corrupt practices act, was chosen today.

Twelve men satisfactory to the court, defense and prosecution were selected after four days of examination. Fifty-four men were examined.

The jury is composed of five farmers, one elevator manager, two cattle buyers, one carpenter, one produce dealer, one merchant and one manufacturer.

Immediately after the jury was completed, United States Judge Sessions ordered the court recessed until Monday afternoon when opening statements will be made.

In the future court will be in session six days a week, Judge Sessions announced.

REVIVAL TO CLOSE SUNDAY

The revival which has been in progress at the Arlington Christian church for several days, will be closed Sunday with an all day meeting. The day's services will begin at 9:30 with Bible school, followed by morning worship at 11 o'clock. The program will consist of a number by the orchestra, a solo by the Rev. G. H. Lawton, talk by E. L. Ashford on "My Task" and a sermon by the pastor, the Rev. Mr. Lawton, on "God's Love". Baptismal services will be held at 2 p. m., and the evening service at 7:30 will be entirely evangelistic.

ILL WITH SCARLET FEVER

Wilbur Wilson has been confined to his home at 601 North Arthur street with the scarlet fever.

RISES FROM SICK BED FOR ADDRESS

Although Weak From Ten Days' Ill-
ness of Influenza, Senator
Watson Addresses Editors.

SHOWS EFFECTS OF SICKNESS

Is Given Wonderful Reception When
he Appears at Banquet of
State Republican Editors.

Rising from a sick bed, Senator James E. Watson of this city was loudly acclaimed by six hundred banqueters at the closing event of the annual meeting of the Indiana Republican Editorial association at the Claypool hotel in Indianapolis last night. Although he was on the list of speakers, Senator Watson spoke only briefly at the end of the banquet program, because he was too weak from illness and was exhausted easily.

A score of Rush county republicans were at the banquet to hear Sen. Watson but had to leave shortly after he started his address in order to board the 4:30 I. & C. car for Rushville. After the long program had been concluded it was after eleven o'clock. Then Senator Watson finally answered the insistent calls for him and arose to speak.

The Indiana senator, who was in bed ten days with the influenza in Washington, plainly showed the effects of his illness, both in his physical appearance and his voice. He sometimes was aroused to his old-time energy, but could not keep up his vigorous discussion of public questions.

Senator Watson was scarcely able to travel when he left Washington for Indianapolis, but it has been his custom never to miss an editorial association banquet and he insisted on attending the one this year. Immediately after arriving in Indianapolis, Senator Watson went to bed and remained in bed until after the banquet was served. He entered the banquet room after the toast list had been started, but all plans went awry when the Indianapolis senator appeared. The banqueters arose as one to applaud and cheer him.

The meeting was one of the most successful in the history of the Indiana association. The principal address was delivered at the banquet by Representative Simon D. Fess of Ohio, chairman of the republican campaign committee, who predicted the republicans would have a majority of ninety in the house and sixteen in the senate at the next session of the congress.

One of the most delightful and instructive addresses ever heard at the meeting of the Indiana association was that given last night by Mrs. Margaret Hill McCarter of Topeka, Kansas, formerly of Indiana, who urged women to vote the republican ticket because history has proven it to be the party of progress and patriotism.

Governor James P. Goodrich was heartily received when he arose to speak on state issues. He defended the state administration and the state tax law, pointing out many specific instances where economy had prevailed during his four years in office.

The senator made not set speech, but discussed briefly and informally a few questions before the senate. He praised the record made by the republicans in congress in the recent session. Reviewing recent efforts to reach a compromise on the League of Nations, he defended Senator Lodge and his associates, insisting that fully 75 per cent of the people now favor the league with the Lodge reservations. He said that changes would have been made in the reservations except as to Art. 10 and to the reservation regarding the Monroe Doctrine, for which Senator Lodge and his associates insisting finite stand.

He discussed the railroad bill at some length and concluded with the statement that if the Republicans in congress fail to enact proper legislation for operation of the railroads before their return to private ownership on March 1, the Republican party must bear the blame.

Personal Points

—Miss Mary Louise Wyatt was
 among the visitors today in Indianapo-
 lis.

—Judge W. M. Sparks was in
 Connersville today, acting as special
 judge in a divorce case.

—Mr. and Mrs. O. P. Wamsley
 attended the funeral of Dr. James
 A. Sargent at Knightstown today.

—Mr. and Mrs. D. M. Hilligo
 and Mr. and Mrs. O. P. Wamsley
 were visitors yesterday in Indianapo-
 lis.

—Miss Muriel Thomas of Sum-
 mitville, Ind., is visiting her sister,
 Mrs. Walter E. Smith for a few
 days.

—Ephraim W. Ball and Osmer
 Ball attended the funeral services
 of Dr. James A. Sargent in Knight-
 stown today.

—A. L. Riggs attended the an-
 nual banquet of the Indiana Repub-
 lican Editorial association in Ind-
 ianapolis last night.

—Mrs. Ralph Harrold and daugh-
 ter left today for their home in Jo-
 liet, Illinois after an extended visit
 here with relatives.

—Will M. Frazee was in Indianapo-
 lis yesterday and attended the Re-
 publican association banquet at the
 Claypool last night.

—Miss Phyllis Dean, a student of
 Indiana university, is home for the
 week-end, the guest of her parents,
 Dr. and Mrs. D. H. Dean.

—Burt Walton has returned to
 his home in Indianapolis, after
 spending a few days with his brother
 W. O. Walton of this city.

—Ralph Plessinger who is at-
 tending DePauw University return-
 ed home yesterday to be the guest
 of relatives over the week-end.

—E. B. Thomas attended the
 meeting of the Indianapolis Repub-
 lican Editorial association in In-
 dianapolis yesterday and the ban-
 quet at the Claypool last night.

—Mrs. D. D. VanOsdol and Miss
 Margaret Ball went to Knightstown
 today where they attended the fun-
 eral services of the late Dr. Sargent
 who was a distant relative of theirs.

—Miss Gladys Behout who is at-
 tending DePauw university at Green-
 castle, Ind., arrived home yesterday
 to spend the week-end in this city,
 the guest of her parents, Mr. and
 Mrs. Clara Behout.

—Mr. and Mrs. Emory Marshall,
 of Augusta, Kan., and Mr. and Mrs.
 Lee Marshall of Omaha, Neb., were
 called here on account of the ser-
 ious illness of their father, J. T.
 Marshall, living west of the city.
 Mr. Marshall recently underwent an
 operation at the Sexton hospital for
 cancer of the liver.

LITTLE GIRL'S HARD LIFE

She Has Had Influenza, Pneumonia
 and Abscesses on Her Lungs.

Ill luck seems to be the portion of
 little Marie Davis, not yet six years of
 age, daughter of Mr. and Mrs. Bert
 Davis, who live in the country near
 Fostoria, Ohio. Influenza, pneumonia,
 abscessed lungs, necessitating an op-
 eration, is the record of the little girl
 within the past two weeks.

But that is not all. Marie is known
 throughout this section of the coun-
 try for her sad experience with bur-
 glars when she was still a baby. Bur-
 glars visited the Davis home at mid-
 night several years ago, and the father
 hearing them, arose and surprised
 them at their work. Mr. Davis lit a
 lamp and a burglar shot it out.

During the interchange of shots one
 bullet grazed the cheek of the sleeping
 Marie, cutting a gash three inches
 long, which has left a disfiguring scar.

MARRIAGE LICENSE IS ISSUED.

A marriage license was issued
 yesterday to Mrs. Clara Smith of
 this city and Albert Whittinghill of
 Marion county.

"Mind the Paint Girl"

Adapted from the famous stage play by
Sir Arthur Wing Pinero

Young Man! Beware
 of the Painted Beauties of the stage

NO WOMAN'S HELP

Man Has a Farm and Reared a Fam-
 ily of Nine Children.

To have operated a farm and reared
 a family of nine children without the
 aid of a woman is the feat of Frank
 Trantloff, who has sold his farm and is
 retiring to a home which he recently
 purchased in Atchison, Kan.

The older five of the nine children
 are boys, and Mr. Trantloff, after the
 death of his wife, 15 years ago, did all
 their mending as well as the house-
 work and cooking in addition to hav-
 ing successfully managed the farm. He
 has retired from the farm to send the
 younger children to high school.

Recluse Leaves \$4,000.

Several shot sacks filled with coins
 of various denominations and a bun-
 dle of yellowbacks \$20 bills, totalling
 \$4,000, was found in the trunk of a
 recluse, William J. Tinsley, who has
 just died of tuberculosis at Americus,
 Ga. The discovery was made by his
 only brother and heir, Jack Tinsley.

Second Peace Conference.

There are two peace conferences in
 session now. Mitchell (S. D.) High
 school modern history class is conduct-
 ing a fully organized duplicate of the
 Paris affair. Every country is rep-
 resented.

FOR COMMISSIONER

We are authorized to announce the name of Simeon Davis of Rushville township, as a candidate for Commissioner of Middle District of Rush county, subject to the decision of the Republican primary election on May 4, 1920.

Why Tell a Lie.

Why must people go through life living and telling a perpetual lie? Why not tell the truth?

For instance:
If your neighbor is lazy, and his wife earns the living, and his children are hungry and half clothed, why not tell him so?

If you think public officials are inefficient, and grafting, and misrepresenting their constituents, why not tell them so?

If Miss Periness has her face smeared with powder, why wait for the wind to blow it off? Why not tell her she is a freak?

If you have been making love to your stenographer, and your wife suspects you, why lie about it? Why not tell the truth?

If you want your friend to endorse your note, and you know you can never pay, why not tell him so?

If Miss Dimple looks like a scarecrow, and you want to marry her for her money, why tell her she is a sylph and an angel, and all of that rot? What's the matter with the truth?

If you are selling a spavined old horse, and you know it will fall to pieces before the purchaser can lead it home, why not tell him so?

If you owe the grocer, and the butcher, and the baker and you never expect to pay them, why not tell them so when you place your next order?

If you drop a nickel in the collection box, and you expect your generosity to boost you into a choice seat in heaven, why hide your light under the cloak of modesty? Why

Sap and Salt

By BERT MOSES

Being a teetotaler is no longer a virtue.

There is but one test of ability, and that is results.

No man amounts to much until he has survived several defeats.

Small men are all conceited over the fact that Napoleon was small too.

The boss' idea of a fair salary falls considerably under the estimate of the man who gets it.

Hez Heck says: "Seems as though a doctor isn't satisfied until he can cut something out or squirt something in."

not get up and tell the congregation so?

What's the use of living or telling a lie anyway?

Try it.

Why all of this fussing about whether or not Holland shall give up the old War Lord? Once an egg is spoiled it can never be converted into a fighting cock.

And yet, the dearth of real presidential timber unearthed to date almost tempts one to enter the race himself.

Future generations have much for which to look forward. They will pay the tremendous war debts of the present one.

If we can't pull off a respectable war without having an unholy stench raised over the award of medals, why, let's not have any more wars.

And now they fear a "holy war" in Russia—which, if it comes, will be anything but holy.

People's Column

More From Richland Township

An article in your paper of Thursday from a "Citizen of Richland Township" and the writer seems to be wonderfully PEEVED—too bad I am sure. Why not be proud of our township? All the loan and Red Cross drives never fell down. She has two up-to-date "Hurty" school houses, notwithstanding the Citizen says "the school building is not respectable." And my the social turn of mind of this citizen—it's certainly too bad—and yet things socially gets one in bad sometimes, so why not move—why stay in a place of such surroundings as you state—is it going to be the case of wearing the overalls when the women get to voting. SECOND CITIZEN.

1,000,000 BOOKLETS
MAILED BY N. W. M.

More than a million booklets, pamphlets and circulars have been mailed from the headquarters of the New World Movement in Pittsburgh, to members of the United Presbyterian Church in the United States, declared Dr. George E. Raitt, general secretary of the movement, yesterday in reviewing the church campaign to enroll its membership in a prayer league and a society to revive the practice of worship in the home.

DR. GEORGE E. RAITT

"Reports from every part of the country are most encouraging," said Dr. Raitt. "Each month we receive a detailed report from each congregation in the church showing exactly what has been accomplished. The reports give every indication that the backward movement in the church has been stopped, and instead of facing a yearly loss in membership, the church has every prospect of attaining its goal of a 12 per cent increase in membership during January."

ELECTRIC LINES
ASK HIGHER FARES

In Poll of 53 Cities Reports Show That in Only Twelve Cities Fares Have Not Raised.

INCREASED COSTS THE CAUSE

In Forty-one Cities the Fares Have Increased From Fraction of a Cent to 4 and 5 Cents.

(By United Press.)

New York, Jan. 31—Nineteen and twenty is destined to witness renewed efforts on the part of officials of electric railway systems throughout the United States to obtain authority to charge still higher fares than were granted the public service corporation in 1919 and 1918.

In a poll of 53 cities taken by the United Press, reports showed that in only twelve cities fares have not been raised, while in the other 41 increases of from a fraction of a cent to 4 and 5 cents have been granted.

In eleven of the twelve cities where the cost of a car ride remains the same, however, either definite steps have already been taken looking toward a revision of the fare in favor of the operating companies, or advertising campaigns are being put on to prepare the public mind for a later demand. In only one city has there been an actual downward revision of the fare.

Increased costs of labor, steel, copper, wire and the hundred and one other kinds of materials necessary to the operation of an electric line has been the one outstanding reason advanced by the corporations in asking for more money. The old nickel that used to be enough to pay all expenses and then produce a respectable profit now pays only about 2 1/2 to 3 cents toward the upkeep and operation of the roads, officials argue.

In several cities, notably New York, municipal bus lines have been put in operation, substituting for various car routes. New York's riding public has for several months been bombarded with propaganda for an advance in fare on surface, elevated and subway lines. The fare has remained at 5 cents, however, although two or three companies suspended transfer privileges and ceased to operate cars on a few lines.

In Chicago the state public utilities commission granted the surface and elevated lines authority to raise their fares from 5 cents to seven and eight cents, respectively. Recently, however, when examination showed the companies prospered too greatly on the advanced fares, the increases were withdrawn and now the cars may be ridden in the lake metropolis for six cents.

Fares in cities which have not seen higher transportation are: Dallas, Tex., 32 rides for a dollar; Des Moines, Iowa, 5 cents; St. Paul, Minn., 5 cents; San Francisco, Cal., 5 cents; Los Angeles, Cal., 5 cents; Columbus, O., eight rides for 25 cents; Cleveland, O., six tickets for 25 cents with 1 cent extra for transfers; Buffalo, N. Y., 5 cents; New York City, 5 cents; Philadelphia, Pa., 5 cents with 3-cent exchange tickets and free transfers; Nashville, Tenn., 5 cents, and Rochester, N. Y., 5 cents.

Present fares in cities whose electric lines have been given higher fares are:

Chicago, Ill., 6 cents; Kansas City, Kan., 8 cents; Madison, Wis., 6 cents; Washtenaw, Wis., 7 cents; Indianapolis, Ind., 5 cents; (was six tickets for 25 cents); Lincoln, Neb., 7 cents; Denver, Colo., 6 cents; Stockton, Cal., 6 cents; Portland, Ore., 6 cents; Cincinnati, O., 7 cents; Springfield, Ill., 6 cents; Kansas City, Mo., 8 cents; LaCrosse, Wis., 6 cents; Janesville, Wis., 6 cents; Milwaukee, Wis., 7 cents; San Jose, Cal., 6 cents; Fresno, Cal., 6 cents; St. Louis, Mo., 8 cents; Toledo, O., 6 cents; Syracuse, N. Y., 6 cents; Atlanta, Ga., 6 cents; Washington, D.C., 7 cents; Boston, Mass., 10 cents; Pittsburgh, Pa., 10 cents; Albany, N. Y., 10 cents; Richmond, Va., 5 cents (was 6 tickets for 20 cents); Birmingham, Ala., 6 cents; Harrisburg, Pa., 6 cents; Hartford, New Haven, Stamford, New Britain, Bridgeport, Conn., 6 cents initial fare under zone system. Jersey City, Newark, Hoboken, Camden, Trenton, and Bayonne, N. J., pay 7 cents.

THE CAR OF THE AMERICAN FAMILY

Hupmobile

Let us see what grounds we have for believing the Hupmobile to be the best car of its class in the world. Well, take the matter of *long life* alone. Isn't it a conspicuous fact that it is almost impossible to "kill" a Hupmobile? And, when you stop to think of it, isn't *long life*—which means, of course, long-continued, satisfactory service—a matter of prime importance? Here, undoubtedly, you have one very good reason why our belief has now become practically a public conviction.

A rather stupid negro was witness in a criminal trial in Texas where John Doe was accused of running a negro gambling joint. The place was 76 Dolton Street, but it was not numbered and there was always more or less doubt about the exact number. Cheap whites and negroes were the main patrons of the establishment.

"Ephraim," said the prosecutor, "where did you see this crap game going on?"

"Ah think it was in 76."

"In 76?" queried the prosecutor, scenting some fun. "Do you mean 1876 or 1776?"

"Well," said the negro, becoming confused, "like as not it was seventeen seventy six."

"Oh, it was?" said the prosecutor, while the jury hid their snickers. "Well, did you see George Washington, Ben Franklin, Thomas Jefferson, Patrick Henry and all those boys gambling?"

"Ah wouldn't swear to it," said Ephraim, "but like as not they was thar, 'cause all them piggies belong to dat crap elnh."

CASH PRIZE OFFER: A prize of \$1.00 will be awarded each contributor of a joke to OUR DAILY LAUGH which we accept. Only new jokes, those never before published, are considered. Contributions will not be returned unless stamped envelope, bearing your address, is enclosed. Mail stories to contest editor, Daily Republican.

HE FEELS LIKE A NEW MAN

Rheumatic pains, backache, pains in sides, sore muscles, stiff joints or an "always tired" feeling are usually symptoms of disordered kidneys. W. W. Wells, Toquon, Mich., writes: "I am on my feet most of the time and get tired. But after taking Foley Kidney Pills I feel like a new man. I recommend them to my customers and have never heard of any case where they did not give satisfaction." Prompt in action to relieve kidney troubles and bladder ailments. F. B. Johnson (Adv.)

NEW SALEM SCHOOL PLAY

Pupils Will Present "The New Co-Ed" Next Week.

The pupils in the New Salem high school will present a play next Friday and Saturday nights in the school auditorium, entitled, "The New Co-Ed." The students have been practicing diligently and will endeavor to make the play a big success. The seats will be on sale Monday at the school, and each evening at Perkins' store in New Salem. Indications point to a big crowd, and it was decided necessary to present the play for the two evenings in order to accommodate the many people who will attend.

GO TO COURT TO FIGHT FOR KAISER'S CLAIMS

Herr Knorr, Pan-German Passes Away and Leaves Will to Kaiser For Military Purposes.

WIDOW WANTS HER SHARE

Berlin, (By Mail).—Long before the Versailles conference decreed there should be practically no German army or navy, Herr Knorr, Pan-German and true to the Kaiser passed away and left a will. Under the terms of the testament, Knorr gave most of his fortune, consisting of property and securities, to the Kaiser to be used for military purposes. Now the widow of the old man and her half-brother have gone to the courts to demand their share of his worldly goods. The Knorrs argue the man would never have given the Kaiser his property and money if he had known it could not have been used in the furtherance of German military policies. The former emperor's interests are represented by an attorney.

Amusements

Police Story at Mystic

If you were a girl and the man you loved and trusted had wronged you and you had gone through the tortures of believing you had taken vengeance into your own hands—and then he came back not to ask forgiveness but to plead for an opportunity to prove that his love was true and real—what would you do?

Rose Peters asks herself this question after trials such as these in "From Headquarters," the Vitagraph feature, which are at the Mystic Theatre today. It is the greatest police story ever told, and Anita Stewart, as Rose, has the greatest emotional role in her screen career.

Harold Lloyd also appears in a comedy, "At the Old Stage Door." Monday the seventeenth episode of the James J. Corbett serial, "The Midnight Man," entitled "The Cave

DON'T BE WITHOUT SLOAN'S LINIMENT

Keep it handy—it knows no equal in relieving pains and aches

SLOAN'S LINIMENT has been sold for 38 years. Today, it is more popular than ever. There can be but one answer—it produces results.

Applied without rubbing, it penetrates to the afflicted part, bringing relief from rheumatic twinges, sciatica, sore, stiff, strained muscles, lame back, and other exterior pains and sprains and the result of exposure. It leaves no mussiness, stain, clogged pores.

Get a large bottle for greater economy. Keep it handy for use when needed. Your druggist has it. Three sizes—35c, 70c., \$1.40

College Professor Undertakes to Write Cleveland's Life.

(By United Press.)

Princeton, N. J., Jan. 31.—Professor Robert H. McElroy of Princeton University, to whom has been entrusted the task of preparing the authorized life of the late President Grover Cleveland, has made an appeal to the public for letters written by the former chief executive which may be in the possession of individuals throughout the country.

Cleveland wrote most of his letters in longhand and kept no copies.

Must Wear Them No Matter The Cost

By MARGARET ROHE
(Written for United Press.)

Silk has grown so costly,
Of batiste and voile
Lena makes her lingerie
Profiteers to foil.

New York, Jan. 31.—Since the products of the silkworm have spun up to such dizzy cost heights, no one but a Mrs. Croesus can afford the luxury of undies. Those soft and rosy days when glove silk vests, crepe de chine combinations, wash satin chemises and crepe georgette nighties were easy of attainment to a moderately pump purse are past. The swish of silk underwear is becoming as extinct as the swish of the cocktail shaker.

Just as the male multitude has gone to the extreme lengths in imbibing wood alcohol, perfume and other substitutes for the delectation of the inner man, so has the female contingent, in lieu of silken undergarments, gone to the sheer lengths of mull, mainsooks, batiste and lovely soft French voile for the decoration of the inner woman.

For over a year back during the wartime days clever Parisian lingerie designers have evolved the most chic and adorable undergarments of dainty tinted voile to take the place of prohibitively priced silk materials.

Either of some all-over gay-hued voile or else of white with hand piping of a vivid shade the latest of little sets, all hand made, offer charms no less fascinating though less silky. No we are taking to their bosoms and hearts and finding them quite sheer and dear enough.

The form of our undergarments varies from the Parisian mode. The French woman affects the drawer combination or else the two-piece set consisting of a short chemise and even more curt panties. These little sets so chic and cunning are now being taken up by American femininity though the bloomer and camisole or the envelope chemise still play the most prominent part in the underwear of American women.

A charming French set which can easily be copied by home fingers is of sunshine yellow voile. The short chemise is plain save for a hem-stitched band around the top through which is run a lavender satin ribbon and hemstitched bands of voile run over the shoulders. The wide, short panties have narrow gaffs of footing with a bow of lavender at each side.

A coral voile drawer combination is plain except for hemstitched bands and tiny hand-run pin tucks. A rose pink piped in lavender is a smart voile drawer combination the camisole consisting of two points, front and back, lavender bound and held over the shoulders with lavender bands. The drawers are slightly full, short puffs of pink held into tighter cuff-like bands of the lavender just above the knee.

Irish crochet is a popular adornment of the sheer white batiste or mainsook chemises and nighties appearing in elaborate yokes or else in the tiniest of edgings.

The pink of perfection as to undergarments is beginning to pall a bit, we have been so pinkly perfect for so long. Yellow is quite the favored lingerie tint of the moment especially among the non-silk models and from pale mazes to the yellow of the sun, voile lavender or blue bowed, turns the modern maid into a golden girl and makes her go the clouds metallically one better by having a golden lining.

A pessimist is just a pessimist—that's all.

TEUTON WAR-BLIND TAUGHT TO WORK

Today Considerable Number is Engaged in Hitherto Impossible Work

APPLY SPECIAL MACHINERY

Siemens-Schuckert Works Are the Pioneers in Trying to Salvage Man Power.

BY CARL D. GROAT

Berlin, (By Mail).—German industry claims are striving to make useful workers out of the Teuton war-blind and war-maimed. They have succeeded to such an extent that today a considerable number are engaged in the hitherto supposedly impossible work of running machines which before the war only men with all their faculties operated.

The Siemens-Schuckert works here were the pioneers in trying to salvage manpower.

Today, these works believe that they have given an answer to any idea that the war-blind or the war-maimed, except in extraordinary cases, need be solely objects of charity and pity.

Working on their drills, presses and boring machines are men totally blinded, and in some cases with an arm missing.

Utilization of such cripples has been made possible through application of special machinery. The Siemens-Schuckert works began their experiment in human salvaging back in 1915 before the stream of maimed and blinded had begun to pour back so extensively as later.

At that time, people scoffed at the experiment. "Of course," they said "you can't have a blind man operate a drill or a lathe. You may put him to work caning chairs or making brushes, but on this highly technical work it is quite an impossibility."

Siemens-Schuckert leaders paid no attention to this talk, but went ahead to develop machines upon which such men could operate with safety. Special attachments were contrived so that there was no danger to the operator. In fact, it was found that with some kinds of drills a blind man could operate a pair. And the blind man seemed oftentimes to take a greater interest in his work than a man with all his faculties. Perhaps, because he had pride in being independent rather than an object of charity for the rest of his days.

For instance, certain lathes were equipped with bells which told the blind operator when the material in the lathe had been sufficiently turned. On this machine and on drills and the like there were special guards which prevented the workman from catching his hands in the mechanism.

Then, too, the works made allowances for a man's previous occupation.

As an example it was found that men formerly engaged in locomotive work became ill when confined to operation of small machines upon which there was no heavy labor. These men were transferred to heavier machines which required more strength in manipulation and which required lifting larger loads.

In some cases, it was discovered that men were suffering with internal troubles which were aggravated by the vibration and noise of a machine shop. Such men were not adapted to application of the machinist experiment. But, by and large, it is found that war-blind, especially if they have had previous mechanical experience can be utilized for further work in their own line, thus saving the community from financial burden, and making them productive, self-respecting, independent members of the community.

Mrs. Carl Gunning entertained the members of the Thursday afternoon Bridge club Thursday afternoon at her home in West Tenth street. Refreshments were served at the close of the games of Bridge.

C. L. Bebout, who has been sick at his home in North Morgan street for several days, was improved today. He is suffering with a nervous breakdown.

MAGAZINE SUBSCRIPTIONS—Any paper or magazine published—new or renewal—subscriptions taken at lowest prices. Your magazine business solicited. Good club offers. Louis C. Hiner, at the Republican office. 2384

The Woman's Council will meet Monday evening at 7:30 o'clock in the Callaghan store. All members are urged to attend.

Mrs. Ned Abercrombie will entertain the members of the S. E. T. club Tuesday afternoon at her home in North Main street.

Mrs. O. M. Dale will be hostess for the members of the Five Hundred club Monday afternoon at her home in North Main street.

Mr. and Mrs. Frank Catt were host and hostess for the members of the Evening Card Club last evening at their home in North Perkins street. The guests enjoyed the evening playing Five Hundred and at the close of the games a delicious one course luncheon was served.

The Coterie has been postponed from Monday, February 2, to the following Monday, February 9. At this time it will meet with Mrs. J. T. Paxton at her home in West Seventh street. Each member is requested to go prepared to give some interesting characteristics on the life of some particular woman.

Mr. and Mrs. Rolla Woods entertained with a two course supper Thursday evening in honor of Mr. Woods' and T. R. Lee's birthdays. The evening was enjoyed playing cards. The guests were Mr. and Mrs. Clem Woods, Mr. and Mrs. Dayton Sharp, Mr. and Mrs. T. R. Lee and daughter Mable and son Harlan, Mr. and Mrs. Dewey Marshall and daughter Mary Bell.

Mrs. Floyd Woods entertained Thursday with a delicious luncheon at her beautiful country home west of the city. The following guests were present: Mrs. G. H. Lawton and daughter Virginia, Mrs. Earl Downey and son Buford Claire, Mrs. Robert Jordan, Mrs. John Nelson, Mrs. Elmer Reagle and daughter Marabel, Mrs. Anna Hawk, Mrs. J. F. Downey, Mrs. J. F. Price, Mrs. Reeves Woods and Mrs. Bertha Leisure. The afternoon was spent with needlework and a delightful social time.

Our Tire Inspection Service Saves Truck Costs

As a Goodyear Truck Tire Service Station we make it our business to save tire money for the truck owners of this vicinity.

We consider carefully the trucking problem of every customer and for each truck recommend the size and type of tire best adapted to its maximum load and maximum speed. We sell Goodyear S-V Solid Tires and Goodyear Cushion Tires because we believe they are exceptionally good and do wear a long time.

We inspect the tires on the trucks of our customers and in many cases take measures to prolong the life of tires, and, in the aggregate, to save thousands of dollars of owners' money.

Such inspection is made at regular intervals—at least once a month—by our salesmen who turn in a detailed report of the condition of customers tires.

If vital recommendations are to be made, these will be by letter to our customer or to the superintendent of his cartage service. Nothing is left to guesswork. This is a real service. It saves a lot of cartage expense.

Let us send a representative to explain still further about our service.

BUSSARD GARAGE

GOOD YEAR
AKRON

Suggestions to Builders

Indications are that there will be an unprecedented amount of building this year. The stock in the hands of all dealers is below normal. The Planing Mill facilities of the country are overtaxed. Which conditions indicate that prices will be higher later.

Therefore, if you intend to build anything you will save money, get better service and secure better material by placing your order now.

Attend to the many preliminary details before the busy season, and avoid the rush and hurry of springtime.

ORDERS FOR SPECIAL MILLWORK, BUILT-IN-CABINETS, STAIRWAYS, FRENCH DOORS, SCREENS, AND OTHER REPAIRS SHOULD BE PLACED NOW FOR PROMPT DELIVERY

During the season just closed we were compelled to refuse many orders of that character, due to the heavy building operations, but for a few weeks, we will be able to get this class of work out promptly. Anticipate your requirements and assist us in carrying for our trade.

SEES RECOGNITION FOR THE SOVIETS

Ludwig Martens Believes Lifting of Blockade is the Beginning of Move.

IS QUESTIONED BY MOSES

Tells Foreign Relations Committee That Russian Gold is Being Rushed to This Country.

Washington, Jan. 31—Recognition of the Soviet government by world powers is near, Ludwig Martens, Soviet representative of the United States told the senate foreign relations committee today.

"What makes you think that," chairman Moses asked.

"General political conditions and the attitude of the allies at Paris," Martens replied. The lifting of the blockade he believes is the beginning.

Martens said that despite the vigilance of the secret service agents, a steady stream of Russian gold was being rushed into this country by courier.

Chairman Moses declared that he had noticed statements in newspapers of the United States which appears to be propaganda.

The list of contracts between American firms and the soviet government is great, Martens said. He said that the Morris and Company, Chicago meat packers, has made a contract for 15 million pounds of meat to be sent to Russia as soon as shipment can go through. The price of the produce will be paid in gold, it was said.

SHELBY VICTORS OVER RUSHVILLE

**High School Team Defeats Local
Quintet at Graham Annex Gym
by Score of 37 to 19.**

IN LEAD MOST OF THE TIME

**Rushville's Prospects For Remainder
of Season Not Bright After
Latest Defeat.**

Shelbyville high school's two basketball teams displayed real class last night, and had very little difficulty in walking away with each team at the Annex gym. The first team won by the score of 37 to 10 and the second five from Shelbyville defeated the local second team, 19 to 11.

Basketball enthusiasts here fully expected the local team to show more knowledge of basketball since playing fast teams like Anderson and Franklin, but instead they persisted in long passes, and failed to follow up on their plays, and made many wild throws at the basket.

Shelbyville has a set of forwards brothers by the name of Richeson—that are almost unbeatable. One of them made 8 field goals and the other four.

Shelbyville was the first to start the scoring, making a field goal at a difficult angle. Eakins, for Rushville, came back in quick time and tied the score. Shelbyville then got another field goal, and soon piled the score up to 9 points, while Rushville still had 2.

Eakins, however, found the basket for two more goals before the close of the half, and he also made a foul goal. This brought Rushville up to within two points of the winners, but somehow the usual amount of pep was missing and at no time in the game from this on, were the locals within close range of the leaders.

At one period of the game the score was 17 to 9, and the locals took another spurt, registering two field goals, making it 17 to 13. Before the half ended Rushville was not able to make any more points, but Shelbyville managed to edge in 23, giving them a comfortable lead of 10 points.

Shelbyville made three fouls in the first half, Eakins making good one of them, and in the last half the visitors played errorless ball. Rushville made two fouls in the entire game, Shelbyville missing one chance.

The game was clean from start to finish. At the beginning of the last half Miller for Rushville made a goal, and then Shelbyville registered one. J. Headlee made another for Rushville, and from then on, the visitors gradually walked away, with the determination of doubling the score on Rushville, but failed by two points.

The locals made only six points in the last half, while Shelbyville piled up 14, and most of the playing was around the visitors' basket. Their team work was almost perfect and they seemed to have little difficulty in breaking through the locals' defense.

From a spectators viewpoint the local team played entirely too much of a defensive game. It was also seen that the locals were playing a four man team, as E. Headlee proved of no value in the game, and should have been taken out in the first few minutes of play, many believed.

Shelbyville tried a time-killing game in the last half when they had a lead, and the locals would stand around watching it, not making any attempt to break up the passes.

The fans were with Eakins last night, and felt sorry for him as he seemed to be the only one on the team that went into the game with the right kind of a spirit. He played everywhere and Miller and he were good on their team work, but the two Headlee boys failed to follow up the ball, and in every case the team work of the other two players would be for nothing, as two men cannot make a dash through the defensive line without help from some of the other players.

Frazee, at back guard, while not given an opportunity at floor work, played his part of the game as he usually does, and was always mixed up in the thickest of the fight when the ball came his way.

Basketball rooters last night wondered why the local coach did not make a new try-out at center, putting Frazee on that job, and putting E. Headlee at back guard. Frazee has an eye for the basket, and with little practice would develop into an expert goal shooter.

The local team will no doubt lose all of the remaining games on its schedule with the possible exception

of one. Next week they play at Liberty and Columbus, and as Liberty has a new star center, they will probably take this game, and little doubt is expressed as to the outcome of the Columbus game.

Then on the following week, Milroy plays here, and the locals will be doomed again unless they play better than last night. Then comes Connersville, but the locals should take this game. However judging from the class of ball displayed in the last two games, Connersville can beat them here. Franklin will play here on February 20, and Rushville will be considered good practice for them.

Milroy will bring the entire town with them on February 11 when they play here, and this game will be one of the best on the schedule if the locals play anything like they should.

The score and summary of last night's game:

Shelbyville (37)	Rushville (19)
Richeson W. F.	Miller
Richeson R. F.	L. Headlee
Briggs C.	E. Headlee
Hogue G.	Frazee
Kaufman G.	Eakins

Field goals: Richeson 8, Richeson 4, Briggs 3, Hogue 2, Kaufman, Miller 2, L. Headlee 2, E. Headlee 2, Eakins 3. Foul goals Eakins and Hogue. Referee Peking. Substitutions, Rhodes for Briggs; Moore for L. Headlee.

S. H. S. 2nd's (16) R. H. S. 2nd's (1)

The preliminary game was not so one sided as the other game, but the Shelbyville team was too much for the locals. The big difficulty seemed to be in passing the ball and holding to it after they had a chance or the locals would have earned the game.

Shelbyville made 9 fouls, but the locals were clear off, and lost the game because they couldn't hit the basket on foul goals, making good only one out of the 9 chances.

Shelbyville lined up as follows: Hoard and Hayley, forwards; Fortune, center; Lommous and Booher, guards. Rushville: Casady, Bell and Kelly forwards; Phillips, center; Martin and Somerville, guards. Field goals: Hord 5, Fortune 2, Casady 2, Bell, Phillips. Foul goals Hord 3, Casady 2, Bell 1.

Imperial Double Disc Harrow

The front and rear sections of this double disc are joined by a single connection bar. All other styles failed as last season proved. This single bar connection allows the harrow to turn without strain or binding. This harrow is the original double disc, invented and patented by the Butcher & Gibbs Plow Co., and can only lawfully be made by them. Many farmers made a mistake in buying double disc last season. You had better investigate and then you will buy the IMPERIAL. Our full line of farm tools are easy sellers, for farmers know them to be the best.

We have a full line of quality implements, such as Rude Spreaders, Oliver plows, Janesville and Black Hawk corn planters, Oliver cultipackers, Wallis tractors, National one-row cultivators, Balfour two-row cultivators, Osborne binders and mowers, Birdsell wagons, DeLaval cream separators, Fairbanks and Morse gasoline engines, etc.

INDEPENDENTS GO DOWN IN DEFEAT

**Rushville Basketball Tossers Lose at
Newcastle Friday Night, Final
Count Being 47 to 32.**

ARE IN LEAD AT HALF TIME

**With Score 24 to 23 at Beginning of
Last Half, Maxwell's Forge
Ahead of Visitors.**

The Rushville Independent team met defeat last night at Newcastle, when they played the Maxwell team of that city, the score being 47 to 32. The locals put up a good game and in the first half were ahead 24 to 23.

In the last half Newcastle roughed things up, and the referee, who was from that city allowed them to make many fouls, and according to the local players, gave them the best of the decisions.

The game was exceedingly rough and the first half showed that the local team was superior to the Newcastle bunch. A return game will be played here in the near future, and then it will be seen whether the defeat was at the hands of the referee, or better playing on Newcastle's part.

Connersville plays here next Thursday night in the high school gymnasium.

The score and summary: Newcastle (47) Rushville (32)
White F. Henley
Gordon F. Smelser
Pence C. Martin
Hogue G. Keating
Ward G. Petry

Field goals: White 10, Gordon 3, Pence 8, Ward, Smelser 6, Martin 6, Keating 2. Foul goals Henley 4, Pence 3. Referee Crandall of Newcastle.

MOVIES AID INSTRUCTORS AT INDIANA UNIVERSITY

Bloomington, Ind.—"Teaching the young idea to shoot" by means of motion pictures is the latest innovation on the campus of Indiana University.

Under the supervision of the local unit of the Reserve Officers Training Corps, military training in the university includes target practice, both indoors and on the range with standard army rifles and ammunition. Considerable difficulty has been found in getting the cadets to handle the rifles correctly. This has been partially solved by the introduction of motion pictures by Major O'Brien, commandant.

Junior and senior companies of the cadets have been given this instruction. Motion pictures, furnished by the war department, are shown the companies in the auditorium of the Student building, illustrating the correct manner in which a rifle is aimed, how the trigger pulled and also methods of cleaning the piece.

Later it is expected to use pictures taken in France to give the cadets visual instruction of the action of troops under fire.

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

**Can Make Pint at Home and Costs Little, Says Leading
Druggist of Covington, Ky., Who Has Made
Special Study of Catarrh.**

**Says: Inflamed Nostrils
Invite Influenza**

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished.

It's really no joke for people who don't know about this simple recipe to be constantly sniffing and sneezing, blowing and having, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle your throat twice daily and sniff spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just soon as anyone in the family gets a cold in the head, check it at once with this same medicine.
